Revenue in 2022 also grew, with the condominiums reaching the ownership transfer cycle in 2021 being QUINTARA ARTE SUKHUMVIT 52, which is a

small project. In 2022, however, there were projects that reached the transfer cycle, namely QUINTARA PHUME SUKHUMVIT 39, which is a project valued at 1,200 million baht. As a result, revenue grew by 37% and profit grew to 51 million baht.

For the direction of operations in 2023, the Company prioritizes opportunities such as the opening of more electric train services, the COVID-19 situation beginning to ease, tourism starting to return and exports beginning to expand better. As a result, international clients and investors began to return. The government's measures also help reduce transfer fees, reduce mortgage bills and adjust LTV measures. The challenges we continue to face include household debt and interest rates that continue to rise, as well as construction costs and political uncertainty that may arise after the election. It remains to be seen whether this will stabilize the economy.

The company's strategy in 2023 is to expand more condominium projects in the AFFORDABLE segment while remaining in easily accessible locations under the QUINTARA MHy'series project name, while low-rise projects in Rayong will be continuously launched to cover all segments. and closed within 3 years, which is considered to be reasonably good performance. In 2023, the Company will seek more land for low-rise projects in Bangkok and to consider the development of vacant land held by the Company while managing its existing cash flow.

In 2023, the company set a sales target of 3,100 million baht, which is 55% growth from 2022 or 1,100 million baht. The proportion of sales will be mainly focused on condominiums based on market conditions that are more open. The revenue remained at 1,700 million baht and the proportion of fixed income was mainly low-rise. The reason for the rather low growth was due to the COVID-19 pandemic. Considering the certainty of the situation, the Company focused on launching low-rise projects to maintain revenue in the range of 1,500-2,000 million baht. Nevertheless, once the market becomes more open in 2024-2025, condominium projects for which the Company has already completed construction and generated revenue of more than 2,000 million baht will be opened in Bangkok in 2023 with the launching of the following three new condominium projects:

1. QUINTARA MHy'GEN RATCHADA-HUAI KHWANG Project located 350 meters from MRT Huai Khwang Station.
2. QUINTARA MHy'ZEN PHROM PHONG project; because the QUINTARA PHUME SUKHUMVIT 39 project received such good feedback, we have opened a new project in the same soi, but the room size and price are not the same.
3. QUINTARA MHy'DEN PHO NIMIT project located next to the BTS SILOM LINE. Pho Nimit Station.

In Rayong Province, because the BREEZE AT EASTERN STAR FORESTO project has only a few homes left for sale, the Company has opened a new project near BREEZE AT EASTERN STAR FORESTO called called BREEZE CHALET with English Cottage style houses. The houses feature wide frontage, high ceilings, and another project is the THERA PRIMA BURAPAPAT-SUKHUMVIT project featuring semi-detached houses in the form of

single houses. In addition, the Company has vacant land waiting for ongoing project development in the future. Furthermore, since the Company develops projects for large-scale housing, the Company has allocated a plot of land in front to be developed into a communal clubhouse for residents to share space without paying long-term maintenance fees. The clubhouse will be opened in April 2023 and there are plans for the construction of FORESTO MALL with a convenience store and various services to fit the lifestyles of residents. At present, 500 units have been opened.

In addition, since June 2021, the Company has been certified as a member of Thailand's Private Sector Collective Action Coalition Against Corruption known as "CAC" and has always adhered to the policy with monitoring and evaluation, including measures to control corruption risks and reporting to the Board of Directors continuously every year.

The Secretary of the Meeting asked whether any shareholders had any questions or other matters related to the performance that would require further clarification from the Board of Directors. When none of the shareholders had any further questions, the Secretary concluded that the Meeting had acknowledged the Board of Directors' performance for 2022 and the Annual Report for 2022.

Agenda 3 To consider and approve the appropriation of profits and the non-payment of dividends for the performance results of the fiscal year 2022.

The Secretary of the Meeting invited Mr. Titiwut Soukpornchaikul, Executive Director to explain the details to the Meeting for consideration.

Mr. Titiwut Soukpornchaikul, Executive Director, explained to the Meeting that the Company has sent the financial statements to the shareholders together with the invitation letter. Furthermore, to obtain a complete overview of the consolidated financial statements for 2022 compared to 2021, which is quite detailed, the Company has noted figures in the financial statements with significance to shareholders without significantly changing the essence of the statements with explanations about the changes and reasons. The details of the financial statements can be viewed in the financial statements submitted to the shareholders together with the invitation letter. If there are any questions about any issues, they can be addressed and summaries of the figures in the statement of financial position (consolidated financial statement) can be requested, which also includes the performance of the Company's subsidiaries as follows:

- (1) Cash and cash equivalents in 2022 amounted to 302 million baht, which is slightly down from 2021.
- (2) Real estate under development consists of 2 items as follows:

(2.1) Real estate development costs and inventories consisting of land, real estate for which construction has been completed and that under construction, various public utility fees and interest paid, etc. In 2022, this amounted to 4,101 million baht, which is down 243 million baht from 2021, or 8% due to the purchase of 1 additional lot of land in 2022, increased construction costs and an increase in interest expenses. At the same time, however, the Company began to realize profit from the transfer of ownership at the QUINTARA PHUME SUKHUMVIT 39 project, which compensated for some of the cost expenditures. For these reasons, the cost of real estate development and inventories decreased.

(2.2) Investment properties and lease receivables, namely rental income as a return or holding for the increase real estate prices consisting of land for rent, such as Lotus's rental at Ban Chang, houses and apartments for rent in Ban Chang and land held in case of increase in property value in 2022 amounting to 1,476 million baht, an increase from 2021 amounting to 530 million baht or an increase of 56% due to the adjustment of accounting transactions to reflect the status of land by transferring from Item (3) to Item (2.2), resulting in an increase of 530 million baht for the land.

(3) Land and improvements pending development means land to be developed in the future in 2022, amounting to 1,387 million baht, a decrease from 2021 by 536 baht or 28%.

Once the transfers have been made and revenue is realized, the sales commission fees recorded as costs for obtaining contracts with customers will be deducted from the income statement and become sales commission fees in the profit-loss statement.

(5) Land, buildings and equipment in 2022 in the amount of 421 million baht, an increase from 2021 of 7 million baht, or an increase of 2% caused by reduced depreciation. At the same time, more sales offices were built because 3 new projects were launched.

The secretary of the meeting informed the meeting that the Board of Directors had no more agendas and matters to be proposed to the meeting for consideration and asked whether any shareholders had questions.

Ms.Janya Paitoonmongkol, Shareholder, asked if the Board of Directors should receive remuneration because the Company's management has not paid dividends for many years. Should directors be required to accept responsibility like shareholders?

Mr.Titiwut Soukpornchaikul, Executive Director, clarified regarding the cancellation of dividend payouts in 2022. As the Managing Director had clarified, the Company plans to launch 3-4 new projects. A significant amount of cash will be needed. The Company is concerned that financial institutions will not lend to customers who purchase projects because loan considerations have become stricter. Therefore, the Board of Directors considers it better to keep this sum. In addition, in 2021, the Company has considered paying interim dividends to shareholders.

Ms.Janya Paitoonmongkol, Shareholder, made an inquiry regarding the agenda item on the omission of dividend payouts. The shareholder asked questions and commented that many real estate development companies had high profits during the COVID-19 situation while Eastern had low profits. Management should be improved. When will an on-site shareholder meeting be held? Inquiries are not convenient in online meetings.

Mr.Titiwut Soukpornchaikul, Executive Director, explained that, when looking at the reason causing Eastern Star Real Estate Public Company Limited to have low profit compared to other companies, we would have to take a look at the period of time. When considering 2020, the Company had a profit of over 190 million baht and the world was in the midst of the COVID-19 pandemic. However, when profits in 2022 were compared to other companies, the profits were less due to the following reasons:

1. In 2022, the Company adjusted the salary base of new employees and provided financial assistance because the cost of living has risen significantly.
2. The Company tries to find suitable land for development. Land prices were expected to drop, but this was not the case.
3. The situation is not favorable for launching the project. However, others may dare to take more risks, which affects the Company.

In the past, the company placed significant importance on liquidity. However, the company is also ready to develop and improve sales and systems.

Dr. Torsak Lertsrisakulrat, Managing Director, further clarified that, as Mr. Titiwut Soukpornchaikul, Executive Director, had spoken about incoming cash flow kept by the Company for safety in business operations and because the Company is about to launch new projects, some marketing value has been generated in the past year and there will be revenue coming in over the next 2-3 years. In the next 2-3 years, profits will improve and the increase in the number of projects will cause the proportion of project management costs to be reduced. Therefore, I believe the situation will improve this year and next year.

Ms.Chonticha Pansmai, Company Secretary, clarified that, since the situation of the COVID-19 pandemic remains a concern, the meeting was held via electronic media. If the situation eases, the company will resume on-site meetings.

After no shareholder made any inquiry, the Secretary of the Meeting invited the chairman of the meeting to adjourn the meeting.

Mr. Anand Panyarachun, Chairman of the Board of Directors, commented at the meeting that in this meeting, as directors have already explained: First, due to the COVID-19 situation, the government has warned that the number of COVID-19 cases will escalate after the Songkran festival. Therefore, to prevent this problem and to ensure the safety of health and life of all, meeting together in a place with a large number of people can be extremely risky. Second, as one shareholder asked whether the 2022 performance reflected losses, directors' remuneration should also be omitted because the Company will have profit or loss. The Board of Directors and employees of the Company must do their best. As for the profit or loss, part of this is due to good performance, which might be due a number of reasons: (1) efficient work performance; (2) the convenience of time or environmental events. Whether it is a matter of a better selling price or lower costs of materials required, whether the operating result is profit or loss, the Board of Directors and employees of the Company know that they are responsible for the results. The remuneration is not derived from operating results with profit or loss. Rather, it is compensation for work performed year-round, which is a common principle of every company. And when we were recently faced with problems during the COVID-19 pandemic, the Board of Directors once reduced the remuneration of directors to show that they are responsible. Moreover, the Company has not increased the remuneration of directors for several years. Third, Thailand's declining economy for many years might be due in part to either government or private sector policy. Another reason is due to the global economic recession, which is currently not doing well around the world and will continue to be with us next year. As the Managing Director has already reported, the Company has a much better chance of doing better this year, and I am confident in the ability of the Board and its employees to sustain the Company's profitably next year.

Lastly, I would like to thank all shareholders, both in attendance and absentia, for continuing to follow the news on the Company's business, including giving advice, admonition, and questioning, which are questions that the Board of Directors must answer sincerely. I am now 91 years old, and I hope that the Board of Directors will have a new generation to enter this industry in the future. Furthermore, the older generation still has the ability to continue to perform its duties and I have confidence in the abilities of the management.

On behalf of the Board of Directors, the chairman thanked all shareholders for attending the meeting and supporting the Company's business. The meeting adjourned at 3:30 pm.
