3. If a shareholder intends to vote in dissent or abstention on any particular agenda item, the shareholder is to record the shareholder's dissent or abstention and sign the voting ballot distributed before the meeting is convened by the Company's staff. The meeting chairman will instruct the staff to gather and count the votes of shareholders who have voted in dissent or abstention, while shareholders who do not raise their hands will be considered as having voted in approval of the proposal made to the meeting by the meeting chairman.

4. In counting the votes for each agenda item, dissent or abstention votes are counted and deducted from the total shares of shareholders present at the meeting and eligible to cast votes on each agenda item, while all remaining votes will be considered as votes of approval.

Dissent	-	-	-
Abstention	-	-	-
Bad Ballots	-	-	-
Total	61	3,327,707,946	100

Agenda item 2 Consideration of Acknowledgement of the Activities of the Board of Directors over the Past Year and Annual Report of 2019

The chairman announced to the meeting that the performance of the board of directors for the year 2019 was already compiled in the Company's annual report that had already been delivered to the shareholders along with their meeting invitation letters. Furthermore, the board of directors presented videos and images of various projects the Company was operating in Bangkok and at Ban Chang, Rayong, for the shareholders to consider. Afterwards, the chairman assigned Dr. Tosak Lertsrisakulrat,

the Managing Director, the task of reporting on the board of directors' performance to the meeting for consideration.

Dr. Tosak Lertsrisakulrat, the Managing Director, as the representative of the board of directors reported the Company's performance over the past year to the meeting, which was divided into three parts, including sales, revenues, and profits:

(1) The Company's 2019 sales for real estate accounted for 1,624 million baht, with a decrease of 46% compared to 2018, which was at 3,037 million baht.

(2) The Company's 2019 revenue from sales of real estate accounted for 1,273 million baht, with a decrease of 21% compared to 2018, which was at 1,620 million baht.

In 2017, the total revenue was as high as 2,516 million baht as a result of big projects – Nara 9 Project and Star View Project. At that time, the Company used its existing land and sought new land for developing new projects. Therefore, in 2018, the Company could launch an 8-storey condominium project for the first time with great success, resulting in sales of 3,037 million baht in 2018, and it continuously planned for further development. However, as in 2019, the growth of the condominium market slowed down, the Company adjusted its plan and slowed down new projects. Consequently, in 2019, the sales accounted for 1,624 million baht. Regarding revenues, as it took 2-3 years for each condominium project development cycle to realize the revenues, the revenues of such projects were scheduled to be realized in the second quarter of the year 2020. At present, some revenues have been realized. Based on this reason, 3 years ago, the Company expanded more businesses in low-rise markets both in Bangkok and Rayong in order to generate continuous revenues for the Company. This was evident in the revenue from real estate development in Rayong, which accounted for 404 million baht in the previous year. In addition, some revenue out of 869 million baht from projects in Bangkok came from low-rise projects such as Estara Pattanakarn 20, which is expected to generate continuous revenue in 2020, along with a high-rise project like Qunitara Sukhumvit 42, which is under the transfer process.

(3) The Company's net profit in 2019 accounted for 57 million baht, a decrease of 54% compared to 2018, as there were investments and expenses in new projects with unrealized revenues.

Overall, in 2019, there were 6 projects in Bangkok, 4 projects in Rayong, and 5 closed projects, so the operations were successful. In 2020, there are 9 projects under operations.

In 2019, projects in Bangkok and Rayong were categorized as follows: (1) high-end market at 5 million baht or over, (2) middle market between 3-5 million baht, and (3) low-end market at 3 million baht or lower. Last year, the projects that were closed included high-end projects like Nara 9 Project, Star View Project, Hamlet 3 Project, Vintage 3 Project; low-end projects like Sintavee Garden 2 Project, and low-end Amber Project is expected to be closed within this year.

For 2020, the positive factors are low interest rates, more flexible LTV measures, and EEC, which started to see the outcomes, especially for Highway No. 7, with an exit at U Taphao Airport, which is only 2 kilometers away from the entrance of Eastern Star Country Club, and the extension of sky trains in Bangkok area, which provides for convenience and further development. Meanwhile, the challenges of this year is the impacts from the COVID-19 pandemic, which has greatly affected the economy, resulting in loss of public confidence to spend money; high household debts; banks' stricter loan granting criteria; high competitions in real estate businesses after the situations of COVID-19 got better. The strategies in 2020 that the Company is focusing on include those in business, such as cash flow management by maintaining the balance between earnings and expenses, releasing ready-to-live projects to close projects, converting backlogs into revenues as much as possible, opening sales and constructing projects by taking into account market conditions and situations, retaining strategies with the focus on developing projects with the price range between 3-7 million baht, targeting the "real demand" group, expanding projects which are not too large into prime locations in order to reduce risks, increasing land value in the golf course in Rayong by improving its images and sports club. As for customers, the Company will develop projects to meet the demands of customers by applying the "24Hrs" concept in the organization and will support the internal operations continuously in order to enhance work efficiency, upgrade products & service quality, and ensure timely delivery.

In 2020, new projects in prime locations in Bangkok have been opened for sales, including Quintara Kynett Rachada 12 Project and Quintara Phume Sukhumvit 39 Project, and the projects in Rayong include Breeze at Eastern Star Foresto Project and Grand Velana Project.

In early 2018, the Company submitted an application for a certificate from Private Sector Collective Action Coalition against Corruption (CAC). The Company evaluated itself and answered 71 questions to CAC on 16 August 2019, and CAC informed the Company that it did not pass the evaluation and a certification could not be issued to the Company. CAC found two points missing, which were (1) the assessment of risks of corruption related to government agencies, and (2) practical internal control measures to handle risks of corruption. The Company proposed two following solutions:

1. With regard to the assessment of risks of corruption related to government agencies, the Company would present clear operation processes and preventive measures.

2. With regard to a lack of practical internal control to handle risks of corruption, the Company would assign an auditor to evaluate the prescribed guidelines.

The Company plans to apply for a certificate from CAC again in late 2020.

Mr. Wicha Chorprompan proposed to the Company's board of directors that a trip of 40-50 shareholders to visit Rayong projects should be organized, and the Company's performance along with project development opportunities should be presented. The Company may collect 500 baht from each shareholder for the trip, and it should be a one-day trip with the purpose to promote better understanding of the business.

Since no shareholders had further questions, the chairman moved for the meeting to acknowledge the board of directors' performance in 2019 along with the 2019 annual report.

Agenda item 3: Consideration of Approval of the Statement of Financial Position and Comprehensive Profit and Loss Statement of the Company for the Year ending 31 December 2019

The chairman assigned Mr. Thitiwut Sukhapornchaikul, an executive director, to explain details for consideration by the meeting.

For clear explanations and understanding of the financial statements (consolidated financial statements) of 2019 as opposed to 2018, some similar items were adjusted and put in the same group, and some important items of assets were explained in terms of changes and reasons as follows:

(1) Cash and cash equivalents and others means cash and cash equivalents, as well as investments in low-risk funds accounted for 202 million baht in 2019, a decrease of 65 million baht or 24% from 2018.

(2) In the real estate business, there are 2 major assets:

Item 1 Real state under development and developed real estate in 2019 accounted for 5,444 million baht, an increase of 1,663 million baht or 44% from 2018 with the reasons as follows:

(2.1) The cost of developing real estate and inventories, which consist of land, constructed houses, and houses under construction, inventories, interests, etc.

In 2019, it accounted for 4,234 million baht, with an increase of 1,640 million baht or 63% from 2018 because the Company purchased more land and constructed Quintara Sukhumvit 42 Project.

(2.2) Real estate for investments consisted of land for rent, such as leasing land to Lotus in Ban Chang, etc., houses and apartments for rent in Ban Chang, and possession of land to wait for an increase in asset value.

In 2019, it accounted for 1,210 million baht, with an increase of 23 million baht or 2% from 2018.

Item 2 Land and Improvements for development, which means the Company's land waiting for development

In 2019, it accounted for 1,400 million baht, with an increase of 9 million baht or 1% from 2018.

(3) Cost of acquiring customer contracts, which means commissions paid to brokers. For sales of the Company's real estate projects, it was formerly recorded as expenses in the profit and loss statements despite the fact that the Company had yet realized the revenues from sales of the real estate project, but the amount needed to be put as expenses in the profit and loss statement. According to the current accounting standard, it can be recorded as assets by putting it as the cost of acquiring customer contracts and can be deducted as expenses upon the Company's realization of the revenues in that particular project.

In 2019, it accounted for 131 million baht, with an increase of 38 million baht or 41% from 2018, mostly from Quintara Sukhumvit 42 Project.

(4) Land, buildings, and equipment

In 2019, it accounted for 457 million baht, with an increase of 52 million baht or 13% from 2018,

In 2019, the net asset was 7,780 million baht, with an increase of 1,689 million baht or 28% from 2018, mainly as a result of the Company's project launches and more construction of sales offices.

Regarding liabilities and shareholders' equity, it consists of the following:

(1) Liabilities, which can be divided into 2 parts as follows:

(1.1) Non-interest liabilities, which mostly consists of customers' down payment for buying projects, etc., which accounted for 726 million baht in 2019, with an increase of 123 million baht or 20% from 2018.

(1.2) Liabilities with interest, which accounted for 2,332 million baht in 2019, with an increase of 1,624 million baht or 229% from 2018.

(1.2.1) Short-term loan in 2019 accounted for 780 million baht, with an increase of 647 million baht or 485% from 2018

(1.2.2) Long-term loan in 2019 accounted for 1, 552 million baht, with an increase of 977 million baht or 170% from 2018 mainly due to the Company's application of loans for buying land and construction. However, in 2019, the Company repaid all the loans for Amber Project.

(2) Total liabilities in 2019 accounted for 3,058 million baht, with an increase of approximately 1,746 million baht or 133% from 2018.

(3) Retained loss in 2019 accounted for 126 million baht, with an increase of 51 million baht or 67% from 2018.

Although the Company had a net profit of 113 million baht, its retained loss increased by 51 million baht mainly due to

- 2019 net profit	52 million baht
- Less legal reserves	(3) million baht
- Less dividends for the 2018 performance but paid in 2019	(100) million baht
Total	(51) million baht

(4) Shareholders' equity in 2019 accounted for 4,610 million baht, with a decrease of 48 million baht or 1% from 2018.

The summary of the statement of comprehensive income (consolidated financial statement) of 2019 compared with 2018 is as follows: The revenues from sales, rents, and services in 2019 accounted for 1,373 million baht, with a decrease of 333 million baht from 2018, which was at 1,706 million baht, mainly because the realized revenue of Bangkok projects decreased by 577 million baht as the Company realized only the revenues from existing completed projects with a few units available, and the Company further realized the revenue of 230 million baht from Ban Chang Project. It was the first year the Company earned revenues from Ban Chang projects as high as 404 million baht.

The cost of sales, rents, and services in 2019 accounted for 953 million baht, with a decrease of 210 million baht from 2018, which was at 1,163 million baht.

The gross profit in 2019 accounted for 420 million baht, with a decrease of 123 million baht from 2018, which was at 543 million baht.

Other revenues in 2019 accounted for 27 million baht, with an increase of 13 million baht from 2018, which was at 14 million baht mainly because of forfeiture of customers' money.

The loss from transferring back due to reduction of property value in 2019 accounted for 29 million baht, with an increase of 27 million baht from 2018, which was at 2 million baht, mainly because the land values appraised by independent valuers were higher than the book value, which included the predetermined devalued amount.

The sales and administrative expenses in 2019 accounted for 399 million baht, with a decrease of 11 million baht from 2018, which was at 410 million baht with major reasons as follows:

-Increase in salaries due to the new law which provides compensation in case of terminating employees with the work experience over 20 years from compensating for 300 days in 2018 to 400 days in 2019

-Increased depreciation as more sales offices were constructed in line with the increasing number of projects in 2019, and amortization of sales offices due to cancelation of usage.

The financial expenses in 2019 were close to those of 2018 at 4 million baht despite the fact that much more loans were taken in 2019 mainly because generally for the real estate business, upon loan application, the interest will be recorded in two categories – assets for developing the project and expenses for administration.

The corporate income tax in 2019 accounted for 21 million baht, with a decrease of 11 million baht from 2018, which was at 32 million baht because of a decrease in the profit before income tax.

Regarding major financial ratios, profit per share (baht/share) in 2019 accounted for 0.01 baht, with a decrease of 0.01 baht from 2018, which was at 0.02 baht; the gross profit in 2019 accounted for 31%, with a decrease of 1% from 2018, which was at 32%; the net profit in 2019 accounted for 4%, with a decrease of 3% from 2018, which was at 7%; the net cash from operations in 2019 accounted for 260 million baht, with a decrease of 460 million baht from 2018, which was at 720 million baht; D/E ratio in 2019 accounted for 0.66 times, with an increase of 0.38 times from 2018, which was at 0.28 times; the book value per share (baht/share) in 2019 accounted for 0.92 baht, with a decrease of 0.01 baht from 2018, which was at 0.93 baht.

Since no one at the meeting had further questions, the chairman moved for the meeting to pass a resolution.

Prior to voting on this agenda item, additional shareholders arrived to attend the meeting, leading the meeting participants to increase to 65 to represent 3,327,779,647 shares or 66.26% percent of total shares.

Resolution: After the meeting had deliberated on the matter, the meeting passed a unanimous resolution to approve the Company's financial statements and comprehensive profit and loss statement for the year ending 31 December 2019 with the total votes of shareholders present and cast at the meeting as follows:

Agenda item 4: Consideration of Approval of Profit Allocation and Payment of Dividends for Performance in 2018

The chairman assigned Mr. Thitiwut Sukhapornchaikul, Executive Director, to explain details for consideration by the meeting.

The executive director informed the meeting as follows: In 2019, the Company's profit from performance as stated by the business-specific financial statement was 56,956,743 baht. As a result, the board of directors passed a resolution in favor of proposing the meeting of shareholders to consider approving the allocation of a portion of the Company's profits of 2,850,000 baht as legal reserves. In addition, as the company needed to maintain the cash flow in response to possible incidents arising from the coronavirus 2019 pandemic, the Company's board of directors resolved that the matter be proposed in the shareholders' meeting to consider canceling payment of dividends for performance in 2019 to the Company's shareholders.

Mr. Wicha Chorprompan, shareholder: He said that from the explanations of the 2019 performance showing the Company's profit of 52 million baht with no payment of dividends, he agreed with this decision as liquidity needed to be maintained under the current situation. He further asked how much legal reserves should be and whether the Company had such the amount.

Mr. Thitiwut Sukhapornchaikul: He explained that every year the Company needed to have legal reserves of 5% until it reached 10% of the registered capital and that the Company did not achieve such the amount at the moment.

Chairman: He added that the Company felt sorry for the impacts from COVID-19, which was beyond the Company's control. Although the Company made some profits, it needed to set aside some money to facilitate the Company's liquidity and needed to cancel payment of dividends this year. However, the Company's board of directors realized that they needed to push the Company towards financial stability and ensure that it would be able to yield consistent return to its shareholders. The Company's board of directors and management team worked hard under the current situation, and the salaries of the management team has been reduced from April and of the board of directors from June onwards based on a voluntary basis until the situation got better. However, the Company had no policy to reduce work hours or breaks from work. Finally, the chairman thanked the Company's board of directors and the management team for their sacrifice and asked the shareholders to be confident in the Company's operations.

Since no shareholder made any additional inquiry, the chairman moved for the meeting to pass a resolution.

Resolution: After the meeting had deliberated on the matter, the meeting passed a resolution to allocate 2,850,000 baht of the Company's profit as legal reserves and to cancel payment of dividends for the Company's performance in 2019 to shareholders as the company needed to maintain the cash flow in response to possible incidents arising from the coronavirus 2019 pandemic. The meeting passed the resolution unanimously with the total votes of shareholders present and cast at the meeting as follows:

Agenda item 5: Consideration for the Appointment of New Directors to Replace Directors Leaving Their tenures According to Terms

The chairman assigned Mrs. Sunantha Tiasuwan, Chairman of the Recruitment and Remuneration Consideration Committee, to explain the details about this agenda item to the meeting for consideration. The Chairman of the Recruitment and Remuneration Consideration Committee informed the meeting as follows: This agenda item was to cover deliberations to ensure compliance with the law and the Company's regulations that require one-third of all directors leave their tenures every three years. By this, the directors that have remained in their positions the longest were to leave their tenures; however, they are also eligible for reappointment to become directors again. For this year, four directors were due to leave their tenure as follows:

1. Mr. Veerapan Theepsuwan who passed away during the term
2. Mr. Somrit Srithongdee
3. Mr. Thitiwut Sukhapornchaikul and
4. Mr. Paiboon Wongchongchaihan

The Company had invited the Company's shareholders to nominate persons to be elected as board members for the 2020 Annual General Meeting of Shareholders according to the criteria prescribed by the Company through the websites of the Stock Exchange of Thailand and the Company from 1 October 2019 to 31 December 2019. However, no one nominated persons to be elected as the Company directors.

After the board of directors had evaluated the suitability of the aforementioned persons' qualifications, knowledge, abilities and experience beneficial to the Company's operation, it was deemed fitting to ask the meeting to consider the following:

- (1) Appointing Mr. Jessada Promjad as a new independent director of the Company to replace Mr. Somrit Srithongdee, the independent director who served the full term
- (2) Reappointing Mr. Thitiwut Sukhapornchaikul and Mr. Paiboon Wongchongchaihan, directors due to leave their tenures at the conclusion of his term, back to become independent directors of the Company for another term.
- (3) Determining that the Company's board of directors shall consist of 11 directors without appointing any person to fill the position of Mr. Veerapan Theepsuwan, who passed away during the term and was due to leave his tenure at the conclusion of this term.

Accordingly, the list of names and backgrounds of each director presented to the meeting for consideration of appointment was already sent by the Company to shareholders for consideration along with meeting invitation letters.

In addition, before today's meeting, the directors nominated as directors to replace the directors leaving their tenures at the conclusion of term informed the chairman that upon reaching the agenda on electing directors, they would leave the meeting room for the shareholders to cast their votes independently.

The chairman asked the two directors whose tenures ended at the conclusion of term to leave the meeting room.

Since no shareholders had any questions, the chairman moved for the meeting to pass a resolution to individually appoint each director.

Resolution: After the meeting had deliberated on the matter, the meeting passed the following resolution:

- (1) Mr. Jessada Promjad was appointed as a new independent director of the Company.
- (2) Mr. Thitiwut Sukhapornchaikul and Mr. Paiboon Wongchongchaihan, directors due to leave their tenures, were reappointed to become directors of the Company for another term.
- (3) It was determined that the Company's board of directors would consist of 11 directors.

Agenda Item 6: Consideration on Setting Remuneration for the Board of Directors for 2020

The chairman assigned Mrs. Sunantha Tiasuwan, Chairman of the Recruitment and Remuneration Consideration Committee, to explain the details about this agenda item to the meeting for consideration. The Audit Committee Chairman informed the meeting as follows: Pursuant to Section 90 of the Public Limited Companies Act and the Company's regulations, remunerations paid to the board of directors must be approved by a shareholder meeting. Accordingly, the general meeting of shareholders of the previous year authorized the Company to pay remunerations to the board of directors within the limit of 9,500,000 baht. In so doing, the board of directors would be responsible for the allocation of the aforementioned remunerations to each director as appropriate. The details about remunerations paid to the board of directors in previous years were shown in the meeting invitation letters sent to shareholders.
